PREPARATION FOR TESTS

- **EEG AND VISUAL EVOKED POTENTIALS:**

Please ensure your hair is dry and clean.

- **SLEEP DEPRIVED EEG:**

Please ensure your hair is dry and clean.

Stay awake for 24 hours prior to test - do not take stimulants such as coffee or No Doz. If you have had a couple of hours sleep please still attend the appointment.

Please do not drive yourself to and from appointment due to increased seizure risk.

- **CARPAL TUNNEL / NERVE CONDUCTION STUDIES / SENSORY EVOKED POTENTIALS and LATERAL FEMORAL CUTANEOUS NERVE STUDY:**

Please ensure limb to be studied is clean, warm and free of creams or lotions.

We suggest you wear loose clothing to allow easy access to the limb to be studied.

- **VESTIBULAR FUNCTION TESTS (HEARING AND BALANCE)**

Please ensure ears are clean and free of wax. Consult your doctor if necessary.

Fast for 3 hours prior to test.

No cigarettes, alcohol, sleeping tablets or tablets for dizziness should be taken for 24 hours prior to test.

No ear-rings or make-up.

LOCATION – 20 LAMBTON ROAD BROADMEADOW *(Entrance in Market Street)*
